### INTRODUCTION :

Rectal ailments have become very common in almost every family in the world. Constipation which is one of the main causes that leads to various types of Ano-Rectal Disorders viz haemor-rhoids (bleeding piles), anal fissure and rectal swelling, prolapse of rectum and fistula. The above rectal ailments results in tiredness, weakness anaemia, back pain and other physiological disorders which effect the health and efficiency of a person. Chatwal Pharmaceuticals have come out with 3 Ayurvedic Herbal Medicines name as PYKURE capsule, PYKURE ointment & KABZKURE powder formulated by the combination of various Herbs which has been serving the suffering humanity since generations.

### INGREDIENTS

|                         |           |
|-------------------------|-----------|
| Mesure Ferra            | 0.08 gms. |

| Abutilian Indicum       | 0.10 gms. |
| Picroohiza Kurroa       | 0.05 gms. |
| Abutilian indicum       | 0.10 gms. |
| Alowas,                 | 0.08 gms. |

### INDICATIONS

Since surgery is the only available mean of attending to chronic cases in the present day context, our PYKURE capsule, PYKURE ointment & KABZKURE powder have shown miraculous result in giving prompt relief to patients SUFFERING from all types of Ano-Rectal Disorders. Thus saves the patient from agony of going through surgery. Hospitalization, physical mental and financial strain. PYKURE capsule, PYKURE ointment & KABZKURE powder are patient friendly and do not effect his / her day to day routine.

### RECOMMENDED MINIMUM DOSAGE

2 Capsules makes one Dose

- Bleeding piles (haemorrhoids)
- Fissure & Rectal Swelling
- Prolapse of rectum (pile mass)
- Fistula in Ano

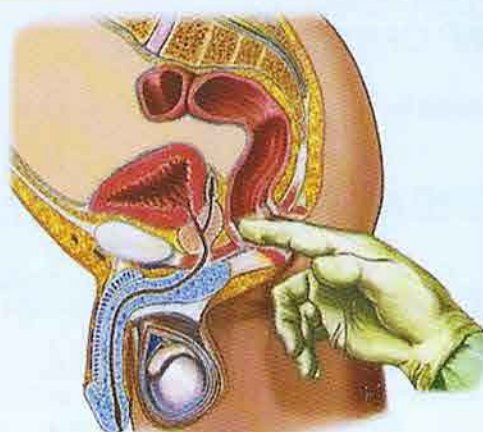

2 Capsules each in morning & evening before meal, to be taken till complete relief is achieved. Total 4 capsules per day.

### DIRECTION FOR USE

Doses to be taken empty stomach with water followed by 5 to 10 gms of butter Consult your doctor, he in your best guide.

### INSTRUCTIONS :

Avoid excess chilly, spicy food, Non-Veg. Liquor, Coffee, Tobacco in form. Avoid as far as possible antibiotic medicines during the course of treatment. Take plenty of fresh vegetables, fruits & cur.

### RECOMMENDATIONS:

- Two teaspoons of butter / Pure Ghee with meals to be taken twice daily during the course of treatment.
- Water therapy. Minimum 1.26 to 1.5 litres of water to be taken in the morning before brushing teeth. Next one hour nothing should be taken (This is natural way to treat constipation). The practice should be continued forever which will save one from many other diseases.
- For constipation take 1 to 2 teaspoonful of Chatwal's KABZKURE herbal laxative powder preferably with lukewarm water before going to bed.
- For Quick & better result use PYKURE ointment simultaneously for external application

## CLINICAL TRIAL REPORT

The clinical trial was conducted in the patients. Each patient were registered and their complaints were noted in standard Performa and they asked to take PYKURE Capsule - 2Capsule twice daily and application of PYKURE Ointment before and after defecation locally. Simultaneously, KABZKURE Powder was advised to be taken 1Teaspoon full at bed time. Follow up of these patients were done at frequent interval.

It has been observed that their symptoms like bleeding, prolapse, pain, constipation, itching is remarkably (80%) improved by this therapy.

The results were satisfactory and none of the case showed any untoward effect.

Hence I recommend that the combination therapy of Pykure Capsule & Ointment and Kabzkure Powder in first, second and early third degree of haemorrhoids cases.
